LED Light

**Modern and sleek design** with the ultra slim motor profile and aerodynamic blades, the Delta DC ceiling fan combines stylish good looks with amazing airflow and energy efficiency.

**New 18W CCT LED Light model** is now available - after popular demand we are excited to introduce the sleek and integrated 18W CCT LED light for our best-selling ceiling fan, so you can enjoy added illumination for your space.

**Moves large volumes of air** at a high velocity thanks to the high-performance DC motor coupled with aerodynamic polymer blades.

**Highly efficient airflow** made possible by the energy-efficient motor, using only 40W on high and as little as 6W on low so you stay cool for less.

**Enjoy whisper-quiet cooling**, thanks to the combination of a silent DC motor and premium polymer blades, so you stay cool with less wind and fan noise.

**Perfect for both Indoor & Outdoors** thanks to the all-weather polymer construction (a high-grade plastic), so you can maintain your decor style from your living room through to your alfresco outdoor area.

## FAN PERFORMANCE

Fan Speed (H:6/M:4/L:1) (Revolutions Per Minute)	240 / 198 / 101 RPM
Energy usage (H:6/M:4/L:1) (Watts)	40 W / 18 W / 6 W
Airflow volume (H:6/M:4/L:1) (Cubic metres per hour)	13,700 / 11,325 / 5,479 CMH
Efficiency (H:6/M:4/L:1) (CMH / W)	343 / 515 / 913 CMH / W
