- 
Make an elegant statement in any space thanks to the Kirra's stunningly crafted Paulownia timber blades – carefully designed and engineered to impress.
- 
Hand-finished timber blades accentuate the unique natural character of the timber grain and are carved from Paulownia – a light-weight, moisture-resistant and highly renewable plantation timber.
- 
Moves large volumes of air thanks to the large blade span and aerodynamic blade design, ensuring sweeping airflow ideal for large enclosed spaces.
- 
Highly efficient airflow made possible by the energy-efficient motor, using only 38W on high and as little as 5W on low so you stay cool for less.
- 
Enjoy whisper-quiet cooling, thanks to the combination of a silent DC motor and premium timber blades, so you stay cool with less wind and fan noise.
- 
Recommended for Indoor use only, the Kirra ceiling fan with timber blades delivers gentle airflow and a stunning design, perfect for large indoor spaces.
