- 
Make an elegant statement in any space thanks to the Spitfire DC's stunningly crafted polymer timber-finish blades that offer an impressive blade span of 152 cm – carefully designed and engineered to impress.
- 
Cleverly crafted all-weather polymer blades offer luxury timber finishes while being easy to maintain, weather resistant and long wearing.
- 
Moves large volumes of air thanks to the large blade span and aerodynamic blade design, ensuring sweeping airflow ideal for large enclosed spaces.
- 
Highly efficient airflow made possible by the energy-efficient motor, using only 35W on high and as little as 5W on low so you stay cool for less.
- 
Enjoy whisper-quiet cooling, thanks to the combination of a silent DC motor and premium polymer blades, so you stay cool with less wind noise and fan noise.
- 
Perfect for both Indoor & Outdoors so you can maintain your decor style from your living room through to your alfresco outdoor area.
