- ✓ **Make an elegant statement** thanks to the Spitfire DC's stunningly crafted polymer timber-finish blades that offer rich textures coupled with a minimalist, understated motor design for a modern finish.
- ✓ **Cleverly crafted all-weather polymer blades** offer luxury timber finishes while being easy to maintain, weather resistant and long wearing.
- ✓ **Moves large volumes of air** at a moderate velocity for a healthy balance between generalised area cooling and directly below the fan.
- ✓ **Highly efficient airflow** made possible by the energy-efficient motor, using only 30W on high and as little as 7W on low so you stay cool for less.
- ✓ **Enjoy whisper-quiet cooling**, thanks to the combination of a silent DC motor and premium polymer blades, so you stay cool with less wind noise and fan noise.
- ✓ **Perfect for both Indoor & Outdoors** so you can maintain your decor style from your living room through to your alfresco outdoor area.
