Natural Palm leaves for tropical cooling have been carefully crafted to provide elegant cooling while capturing the essence of the tropics, with an aerodynamic natural curve built into the blade.

Tried and true AC motor technology with a 188x20 AC silicone steel motor to provide the high torque and power needed to spin five stunningly detailed tropical blades, for effective cooling when you need it.

Moulded aerodynamic blades are crafted from polymer (a high-grade plastic) which are durable, easy to clean as well as being safer and quieter than metal blades.

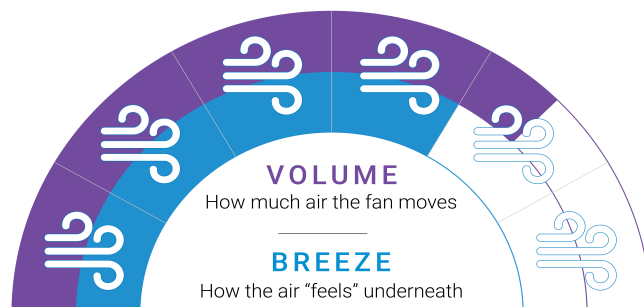

18W Dimmable LED Light Kit is available to add to the Tropicana ceiling fan, for those times you need your ceiling fan to also be a light source.

Enjoy whisper-quiet cooling, thanks to the premium polymer blades, so you can relax and stay cool with less wind noise in your tropical oasis.

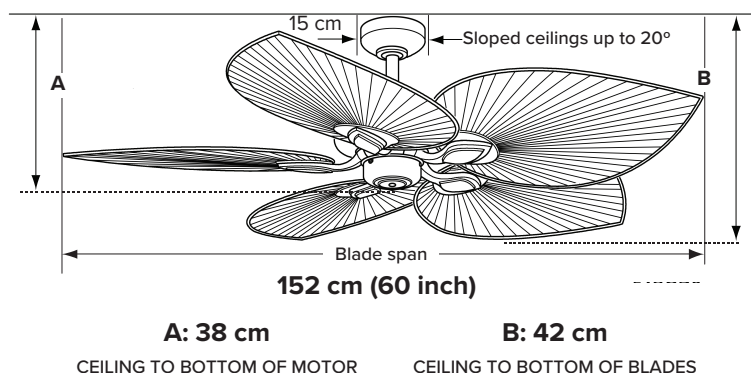

Perfect for both Indoor & Outdoors so you can maintain your decor style from your living room through to your alfresco outdoor area.

FAN PERFORMANCE

Fan Speed (H:6/M:4/L:1) (Revolutions Per Minute)	130 / 98 / 70 RPM
Energy usage (H:6/M:4/L:1) (Watts)	82 W / 39 W / 15 W
Airflow volume (H:6/M:4/L:1) (Cubic metres per hour)	10,489 / 6,991 / 4,111 CMH
Efficiency (H:6/M:4/L:1) (CMH / W)	128 / 179 / 274 CMH / W

Local Australian Support

Australian Owned & Operated, our friendly team provides a comprehensive 3 Year Onsite Warranty.

18W Dimmable and supports CCT

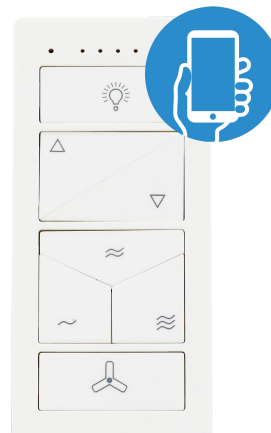

Remote Control

RC1

Mi Remote Control

The Mi Remote Control is a modern and stylish remote control solution for your ceiling fan and light that provides three fan speeds and light control with optional dimming support.

RC1B

Mi Smart Remote Control

The Mi Smart Remote Control is a modern and stylish remote control solution for your ceiling fan and light that provides three fan speeds, light control (with dimming support) and optional smartphone app control.

Accessories

Downrods

For high ceilings, consider a longer downrod to help bring your ceiling fan lower and improve performance.
